

# Credit Crunch Train the Trainer

As a result of the current credit crunch:

- You might be looking to reduce external training spend
- Bring training in house
- Get your training team to deliver more training themselves

Whatever your particular scenario now more than ever you need to be sure that your internal training resource is equipped to deliver outstanding training every time.

## **A brand new cost effective Train the Trainer course for £120 per person**

This brand new leading-edge Train the Trainer course is designed to provide you with a cost effective solution to your professional trainer development needs.

An accelerated 1-day course packed with top tips and tools to get your trainers thinking and behaving differently. Whether a seasoned trainer or relatively new to the training game your trainers will benefit. The course transfers many quick tips and techniques that will re-energise, enlighten, build new levels of confidence and help your trainers engage in new exciting ways.

The course is delivered on location at your at your premises. The cost of the 1-day course is £975 plus VAT and the course can accommodate up to 8 persons. This equates to approximately £120 per person.
